

AHMED ABDALLAH BUYENGA

Facilities & Soft Services Operations Specialist | Luxury Retail, Residential & Hospitality

Dubai Sports City, Dubai, UAE • +971 52 675 1879 • ahmed.abdallah25@outlook.com • linkedin.com/in/ahmed-abdallah-5a1853143

PROFILE

Operations specialist with 13+ years in Facilities and Soft FM across luxury retail, residential, hospitality and healthcare — including two years running soft services at Dubai Mall. Achieved a 15% operational cost reduction and drove 25% customer retention growth through compliance and process improvements. Strengths in team leadership, contract and vendor management, SOP development, budget control and pre-opening operational readiness.

WORK EXPERIENCE

Soft FM & Support Services — Dubai Mall | Emaar Dubai, UAE • 04/2024 – Present
Operations Coordinator, Emaar Malls Group (04/2026–Present) • FM Support Services Specialist, GTS BLC — contract for Emaar (07/2025–03/2026) • Soft FM Specialist, KBC Technologies — contract for Emaar (04/2024–06/2025)

- Coordinate all soft FM functions for Dubai Mall — cleaning and maintenance schedules — ensuring compliance with Emaar brand standards and the highest levels of cleanliness and organisation.
- Collaborate with Emaar departments and service providers to fulfil support requests efficiently, ensuring seamless service delivery, SLA adherence and constant operational readiness.
- Manage inventory control of cleaning supplies and equipment, optimising stock levels and replenishment to support uninterrupted operations.
- Conduct regular facility inspections to identify deficiencies, then develop and implement action plans that enhance maintenance and health and safety compliance.
- Retained on the same flagship asset through two service-provider transitions before direct appointment by Emaar Malls Group in 04/2026.

Assistant Manager — Facilities Management | FitRepublik Sports Center Dubai, UAE • 02/2023 – 03/2024

- Led and trained the housekeeping team and supervised daily activities, optimising manpower and resource allocation to meet SLAs and ensure flawless execution of daily tasks and maintenance.
- Developed and implemented standard operating procedures for soft FM, boosting productivity and safety standards facility-wide.
- Directed the service-provider tendering process, delivering technical expertise and guiding multiple candidates to secure quality contracts.
- Compiled and analysed daily inspection and opening/closing checklists across all programmes to flag property damage early, and assigned work orders through the CAFM system, using Jolt Software to close out incomplete checklists.
- Issued contractor work permits and prepared detailed incident reports with actionable recommendations, prioritising safety, risk mitigation and governance.

Soft FM Senior Supervisor | Ejadah Asset Management Group Dubai, UAE • 04/2018 – 02/2023

- Supervised a team of soft services staff, ensuring daily operations consistently met high standards of cleanliness and maintenance aligned with health and safety regulations.
- Developed a comprehensive new-hire training programme and optimised cleaning schedules that raised productivity and brand-standard compliance, and ran inspections and quality control audits while collaborating cross-functionally to streamline service delivery — ensuring regulatory compliance and cutting customer complaints.

Soft Services Supervisor | Farnek Services LLC Dubai, UAE • 03/2016 – 03/2018

- Led a team of soft services staff end to end — training, scheduling and performance evaluations — boosting productivity and customer satisfaction, and supported the senior supervisor with daily staffing.
- Supervised housekeeping staff to uphold cleanliness standards aligned with brand and health and safety compliance, resolving client complaints promptly and professionally.

Support Services Lead — Holiday Homes Unit | Al Alee Group Qatar • 05/2014 – 03/2016

- Led a team of accommodation specialists across booking operations, room assignments and special requests, and ran regular accommodation and daily room inspections enforcing cleanliness and quality standards.
- Delivered targeted staff training on accommodation types and procedures, and negotiated vendor relationships for competitive pricing and supply chain efficiency, with cost-saving initiatives that **reduced daily operational expenses by 10%**.

Housekeeping In-Charge | Siloam Hospitals Jakarta, Indonesia • 09/2012 – 03/2014

- Maintained impeccable cleanliness hospital-wide to health and safety standards while supporting daily operations of all soft service lines — catering, cleaning, reception, retail outlet, mail room, bar and maintenance — to SOP and service-level agreements.
- Managed inventory and vendor coordination to prevent disruption and prepare properties for incoming residents, exceeded budget targets through cost savings, handled resident concerns and emergencies, and led quality control measures that improved data accuracy and governance.
