

AHMED ABDALLAH BUYENGA

Facilities & Soft Services Operations Specialist | Luxury Retail, Residential & Hospitality

Dubai Sports City, Dubai, UAE • +971 52 675 1879 • ahmed.abdallah25@outlook.com • linkedin.com/in/ahmed-abdallah-5a1853143

PROFILE

Operations specialist with 13+ years in Facilities and Soft FM across luxury retail, residential, hospitality and healthcare environments — including two years running soft services at Dubai Mall. Achieved a 15% operational cost reduction and drove 25% customer retention growth through compliance and process improvements. Skilled in team leadership, contract management, vendor relations, SOP development and budget control, with proven expertise in pre-opening setups, operational readiness and facility management.

WORK EXPERIENCE

Soft FM & Support Services — Dubai Mall | Emaar Dubai, UAE • 04/2024 – Present

Operations Coordinator, Emaar Malls Group (04/2026–Present) • FM Support Services Specialist, GTS BLC — outsourced for Emaar, contract (07/2025–03/2026) • Soft FM Specialist, KBC Technologies — outsourced for Emaar, contract (04/2024–06/2025)

- Coordinate all soft FM functions for Dubai Mall, including cleaning and maintenance schedules, ensuring compliance with Emaar brand standards and the highest levels of cleanliness and organisation.
- Collaborate with Emaar departments and service providers to fulfil support requests efficiently, ensuring seamless service delivery, adherence to service-level agreements and constant operational readiness.
- Manage inventory control of cleaning supplies and equipment, optimising stock levels and ensuring timely replenishment to support uninterrupted operations.
- Conduct regular facility inspections to identify deficiencies, then develop and implement action plans that enhance maintenance and compliance with health and safety standards.
- Retained on the same flagship asset through two service-provider transitions before direct appointment by Emaar Malls Group in 04/2026.

Assistant Manager — Facilities Management | FitRepublik Sports Center Dubai, UAE • 02/2023 – 03/2024

- Led and trained the housekeeping team and supervised daily activities, optimising manpower allocation and resource utilisation to meet service-level agreements and ensure flawless execution of daily tasks and maintenance.
- Developed and implemented standard operating procedures for soft FM operations, boosting productivity and safety standards facility-wide.
- Directed the service-provider tendering process, delivering technical expertise and guiding multiple candidates to secure quality contracts.
- Compiled and analysed daily inspection checklists and monitored opening and closing checklists for all programmes, flagging property damage early to protect asset integrity, work quality and schedule adherence.
- Issued contractor work permits and prepared detailed incident reports with actionable recommendations, prioritising safety, risk mitigation and timely completion within governance frameworks.
- Assigned and monitored work orders and schedules through the CAFM system and used Jolt Software to close out incomplete checklists, sustaining operational readiness and FM compliance.

Soft FM Senior Supervisor | Ejadah Asset Management Group Dubai, UAE • 04/2018 – 02/2023

- Supervised a team of soft services staff, ensuring daily operations consistently met high standards of cleanliness and maintenance aligned with health and safety regulations.
- Developed a comprehensive new-hire training programme that improved efficiency across all soft FM tasks, and introduced optimised cleaning schedules and procedures that enhanced productivity and brand-standard compliance.
- Conducted regular inspections and quality control audits and collaborated with cross-functional teams to streamline service delivery, ensuring regulatory compliance and reducing customer complaints through proactive resolution.

Soft Services Supervisor | Farnek Services LLC Dubai, UAE • 03/2016 – 03/2018

- Led and managed a team of soft services staff end to end — training, scheduling and performance evaluations — boosting productivity and customer satisfaction, and assisted the senior supervisor with daily staff scheduling.
- Supervised housekeeping staff to uphold high cleanliness standards aligned with brand and health and safety compliance, resolving client complaints promptly and professionally to maintain service standards.

Support Services Lead — Holiday Homes Unit | Al Alee Group Qatar • 05/2014 – 03/2016

- Led a team of accommodation specialists across booking operations, room assignments and special requests, ensuring timely, efficient service that enhanced client and guest satisfaction and operational flow.
- Organised regular accommodation and daily room inspections enforcing cleanliness and quality standards, and developed targeted training programmes to improve staff expertise in accommodation types and procedures.
- Negotiated and managed vendor relationships to secure competitive pricing and supply chain efficiency, implementing cost-saving initiatives that **reduced daily operational expenses by 10%**.

Housekeeping In-Charge | Siloam Hospitals Jakarta, Indonesia • 09/2012 – 03/2014

- Maintained impeccable cleanliness across the hospital in compliance with health and safety standards, and supported daily operations of all soft service lines — catering, cleaning, reception, retail outlet, mail room, bar and maintenance — to SOP and service-level agreements.

- Monitored and managed inventory levels, ordering proactively to prevent operational disruption, and consistently exceeded budget targets by identifying cost savings and optimising resource allocation.
- Coordinated vendors and maintenance teams to prepare properties for incoming residents, managed resident concerns, emergencies and crises with accountability, and led quality control measures that improved data accuracy for research projects and strengthened governance frameworks.
